Profile

A Frontend Web Developer with over 2 years of commercial experience, specializing in and focusing on developing user-friendly and dynamic web interfaces.

Work Experience

WHG Customer Services Philippines, Inc. evoke plc HTML Email Campaign Developer – Full-Time • Customize HTML and CSS email templates for targeted campaigns across the US and international markets, using IBM Watson Campaign (Silverpop) and Acoustic for implementation and testing. Additionally, customize and deliver site-wide pop-up messages using HTML and CSS via the in-house Online Message Group (OMG) system.	<i>Manila, PH</i> Oct. 2023 – Present
Teamholix Communication Design Inc. Frontend Web Developer – Part-Time • Converted Adobe XD UI/UX designs into fully functional web interfaces using HTML5, CSS3, Tailwind CSS or Bootstrap 4/5, and vanilla JavaScript, with PHP includes for modular structuring. Additionally, deployed and maintained the website via FTP, performing UI testing, debugging, and optimization to ensure layout consistency, performance, and overall quality.	<i>Manila, PH</i> Feb. 2023 – Mar. 2025
Osceola Lead Generation Holdings, LLC Quote.com Remote Virtual Assistant – Freelance • Managed and updated website content and data, maintaining accuracy in Google Sheets and WordPress for an insurance company. Additionally, optimized on-page SEO elements such as title tags, meta descriptions, and headers, while leveraging AI tools (ChatGPT+) to enhance content creation, SEO performance, and overall workflow efficiency.	<i>CA, USA</i> Mar. 2023 – Jun. 2023
Fiverr & Outside Fiverr Frontend Web Developer – Freelance • Developed responsive and accessible web pages from UI/UX prototypes using HTML5, CSS3/SASS, Tailwind CSS, and JavaScript, while providing ongoing client support through troubleshooting, refactoring, enhancements, configuring domain and hosting environments (Hostinger, GoDaddy, Namecheap) to ensure proper DNS setup and server-side deployment.	<i>PH & Intl</i> Jun. 2021 – Dec. 2022

Technologies I work with

- Web:** HTML5, CSS3/SASS, JavaScript, Bootstrap 4/5, Tailwind CSS, Vue.js, PHP, MySQL
- Domain & Hosting:** GoDaddy, Hostinger, Namechaep
- Design & Prototyping:** Figma, Adobe XD
- Source Control Management:** Git, GitHub

Internship

LinkHelpers International Inc.

Arizona, USA

Frontend Web Developer

Sep. 2022 – Feb. 2023

- Completed 300 hours of remote On-the-Job training, designing Figma mockups and converting them into responsive web pages using HTML5, CSS (SASS), and JavaScript. Additionally, implemented serverless custom forms with Formspre; and contributed to on-page SEO tasks while maintaining directory listings.

Certificates

2021- 2022 **Certificate of Completion - On-The-Job training**, LinkHelpers International Inc.

2022 **1st Runner Up - Web Development Competition**, Imus Computer College

2022 **Certificate of Participation - Introduction to Electronic Commerce using Shopify**, Imus Computer College

Education

Imus Computer College
