Profile

A frontend developer specializing in building responsive interfaces and dynamic user experiences for the modern web.

Work Experience

WHG Customer Services Philippines, Inc | evoke plc

Manila, PH

HTML Email Campaign Developer – Full-Time

Oct. 2023 – Present

- Create HTML/CSS email templates and managing targeted campaigns across the US and International markets, using IBM Watson Campaign (Silverpop) and Acoustic for implementation and testing. Additionally, build and deliver site-wide pop-up messages using HTML/CSS via the in-house Online Message Group (OMG) system.

Teamholix Communication Design Inc.

Manila, PH

Junior Frontend Web Developer – Part-Time

Feb. 2023 – Mar. 2025

- Converted Adobe XD UI/UX designs into fully functional web interfaces using HTML5, CSS3, Tailwind CSS or Bootstrap 4/5, and vanilla JavaScript, with PHP includes for modular structuring. Deployed and maintained the website via FTP, performing UI testing, debugging, and optimization to ensure layout consistency, performance, and overall quality.

Osceola Lead Generation Holdings, LLC | Quote.com

CA, USA

Remote Virtual Assistant – Freelance

Mar. 2023 – Jun. 2023

- Managed and updated website content and data, maintaining accuracy in Google Sheets and WordPress for an insurance company. Optimized on-page SEO elements such as title tags, meta descriptions, and headers, while leveraging AI tools (ChatGPT+) to enhance content creation, SEO performance, and overall workflow efficiency.

Fiverr & Outside Fiverr

PH & Intl

Frontend Web Developer – Freelance

Jun. 2021 – Dec. 2022

- Developed responsive and accessible web pages from UI/UX prototypes using HTML5, CSS3/SASS, Tailwind CSS, and JavaScript, while providing ongoing client support through troubleshooting, refactoring, and enhancements, and configuring domain and hosting environments (Hostinger, GoDaddy, Namecheap) to ensure proper DNS setup and server-side deployment.

Technologies I’ve been working

Web: HTML5, CSS3/SASS, JavaScript, Bootstrap 4/5, Tailwind CSS, Vue.js, PHP, MySQL

Domain & Hosting: GoDaddy, Hostinger, Namecheap

Design & Prototyping: Figma, Adobe XD

Source Control Management: Git, GitHub

Internship

LinkHelpers International Inc.

Arizona, USA

Frontend Web Developer

Sep. 2022 – Feb. 2023

- Completed 300 hours of remote On-the-Job training, designing Figma mockups and converting them into responsive web pages using HTML5, CSS (SASS), and JavaScript; implemented serverless custom forms with Formspreet; and contributed to on-page SEO tasks while maintaining directory listings.

Certificates

2021- 2022 **Certificate of Completion - On-The-Job training**, LinkHelpers International Inc.

2022 **1st Runner Up - Web Development Competition**, Imus Computer College

2022 **Certificate of Participation - Introduction to Electronic Commerce using Shopify**, Imus Computer College

Education

Imus Computer College
